Agenda	Notes	Action item
Welcome and tour de table Bienvenue et tour d table	 When patrol officers see something or arrest someone, they input it in the report. Our community police will have access to it afterwards. Raid in 300 Lafontaine Blocks Officers working in schools who have closed were transferred to a group of walking police officer – it is a small team. They will walk downtown from the West to Vanier. 	More donations were received during the meeting, the VCA is going to count the total. A cheque was written and sent to the City

 Elvira is the founder of Beautification Vanier. Money was raised (money will be counted). Bench is being paid by Mathieu Fleury's office (about \$2,300). Resident notices an increase in insecurity – more prostitution. People have been jumping over the fences on Mark St. Officer Calixte reports there is not increase of insecurity, prostitution is just more noticeable. 	We will use the extra money to organize an official event.
 Vanier Transit Forum: will be held on October 1st more information to come. Petition will circulate. The VCA is working on a letter – since we don't know when the LRT will be live, we request bus #12 be restored, the VCA is not happy with the final stop Also we dispute the decrease of bus shelters on Montréal Rd. Vanier Transit organizer aligns with the VCA. 	VCA will share details about the Vanier Transit Forum
Announcement is a set back but we have to ensure the LRT is safe especially because it will be transporting thousand and thousand of people. There are 13 station we need to make sure they are no glitches. The City is penalizing RTG 1 million dollars, million charged back to RTG, final payment is withheld. Now the LRT won't happen and changed is route have occurred what are the short-term solutions to ensure residents get to downtown (especially parliament)

b) Parks and Recreation:

The committee was revived to the name Parks, Recreation and Beautification (standing committee). Committee is meeting every last Thursday of the month.

c) Sustainability committee:

- We are on the same page on the BIA. We have to be ambitious. New change: bike tracks on the West of the parkway, burying hydro poles (same way it was done on Elgin, it creates a precedent), traffic calming measures, raise pedestrian paths, more pedestrian crossing, wireless kiosks.
- Consultation in the Fall: same format than the 1st one.
- Bike Ottawa: will present the plan on September 25/26: willing to write a letter
- Zoning : Marc Avenue / Greensway: Inuit Children
- BBRN: no new money until new council.

d) Safety Committee:

Problematic addresses: the safety committee came up with a list that was provided to the City Councillor's office who called a multi-stakeholders' meeting. A task-force is going to be implemented. The Task-force is similar to the one implemented about 10 years ago and was known to be efficient.

Question: why is Montréal Rd not on the list? Response: Montreal Rd is not a specific problematic address. We need to break it down.

The safety committee recommends the VCA sends a letter to the Chief of Police requesting neighbourhood policing to be reinstated (neighbourhood policing vs.

community policing, as well as draft a petition that would be shared with our neighbours. Motion from Lauren- approved unanimously

e) Treasury report:

We currently have 4,262.96 dollars in our bank account.
